

## BUTTERFLY WONDERLAND EDUCATIONAL OUTREACH PROGRAM

Because it's not always possible for school groups to visit Butterfly Wonderland for a field trip, we're happy to come to you. Butterfly Wonderland brings the fun and excitement of learning to your classroom. Our minimum group size is 30, with a maximum group size of 60 (children and adults). For childcare facilities and schools, we do require that adult/child ratios be maintained at all times during the program(s). Number of presentations per day is 3 per day. Please make sure there are no testing, special events or fire drills on school calendar for date chosen for Outreach visit. Payment is preferred on day of presentation but purchase orders will be accepted. Each program is designed to be appropriate for the age group receiving the program.

We offer an exciting 30-40 minute presentation age-appropriate for Pre-K through Grade 5 covering your choice of topic areas:

**Amazing Butterflies** - Learn about the lifecycle of Tropical butterflies housed at Butterfly Wonderland, how unique some butterfly species are and how they use camouflage to survive. Our Education Outreach Specialist will engage your students in learning without them even knowing it. Hands-on specimens and caterpillars (seasonal) assist in demonstrating the difference between a moth and butterfly. Learn about how many butterfly species exist in Arizona and how different they are from Tropical species.

**Desert Critters** - Discover the creepy crawling creatures of the Arizona desert – Meet Twila the Travelling Tarantula and Scotty the Giant Desert Hairy Scorpion. Learn how they survive in the desert and that many of these critters aren't as scary as one might think, many being very beneficial for our environment. Our Outreach Education Specialist will utilize a combination of live insects, captivating video (when age-appropriate) and interactive educational activities that relate to the topic of Desert Critters.
