

Educational Outreach Presentations

Because it's not always possible for school groups to visit Butterfly Wonderland for a field trip, we're happy to come to you. Butterfly Wonderland brings the fun and excitement of learning to your school.

Topics:

Awesome Butterflies & Moths - Learn about the lifecycle of butterflies and moths, their differences and similarities, how unique some butterfly species are, and how they use special adaptations to survive.

Desert Arthropods – Discover the adaptations that allow some arthropods to live in the harsh environments in our areas. Special guests may include scorpions, tarantulas and other spiders, millipedes, beetles, grasshoppers, and vinegaroons.

Rainforest Arthropods - See awesome arthropods from rainforests around the world and learn what makes this group different from other animals. Special guests may include: hissing cockroaches, giant katydids, walking sticks, beetles, tarantulas, and millipedes.

Audience: Grades Pre-K through 8, approximately 30 students per presentation.

Program Requirements:

- One table, 6-foot or 8-foot.
- A single space large enough to seat up to 30 students on the floor in rows.
- Please make sure there are no testing, special events or fire drills that would impair or interrupt presentation on date chosen for outreach visit.

Program Schedule:

- Start time at or after 9 am.
- Each presentation may be scheduled to last from 20 minutes to an hour.
- Bookings may include only one program topic.
- When booking a Full Day presentation, please allow a 30-minute break mid-day for the animals and presenter.

****Also available for Science Nights, Carnivals, Festivals****

Science Night: \$200 Maximum of 2.5 hours, 1 table with Desert & Tropical Arthropods

Half Day: \$425 Maximum 3 hours, including up to 6 presentations

Full Day: \$525 Maximum 5 hours, including up to 8 presentations

To book your Outreach Presentation, please submit Outreach/Event Request Form.

Call (480) 800-2000, ext. 206 or email at education@butterflywonderland.com.
