## EXPLANATION OF BENEFITS

### Tickets & Passes

Tickets are for one-time use and can be given to anyone you choose, allowing them immediate entry to Butterfly Wonderland. These tickets are good for the duration of your annual membership.

Passes are multiple use and transferable, offering convenient, flexible options that allow ideal access to Butterfly Wonderland for you, your clients, customers, and employees. Passes may be used once a day, every day, for the duration of your membership.

### Donated Tickets

Our Field Trip Program allows Butterfly Wonderland Foundation to share your generosity with eligible nonprofits that apply for and benefit from access to the conservatory rainforest where meaningful 'nature' experiences enhance the academic and imaginative potential of students through hands-on, experiential learning. If your organization works with nonprofits that may have interest in participating in our Field Trip Program, please encourage them to apply and list your company as the referring organization. Application, eligibility information and submission guidelines can be found [HERE](#).

### Event Credit

Make your next corporate or business event one to remember and use your credit toward renting space for a private corporate or business event held at Arizona's largest butterfly conservatory, including a 3-D movie theater. An event at Butterfly Wonderland is sure to be an unforgettable experience. Exclusions apply; please contact us for details about using this benefit.
